**DETAILED ACTION**

1. Applicant's Appeal Brief Filed September 13, 2010, has been considered. Arguments presented in the Appeal Brief, specifically, the arguments regarding the "cylindrically shaped" limitation, on page 9, are found to be convincing. Therefore, the finality of the Office Action of January 14, 2010, is withdrawn. Claims 1 and 3-12 are currently pending.

***Examiner's Amendment***

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.
3. Authorization for this examiner's amendment was given in a telephone interview with William S. Francos on November 17, 2010.
4. Claim 1 is amended as follows:
5. Line 7, after the words "a negative lens," insert: "wherein a virtual image of the discharge vessel is created by the negative lens so that dimensions of the virtual image are smaller than dimensions of the discharge vessel,"

***Allowable Subject Matter***

6. Claims 1 and 3-12 are allowed.
7. The following is an examiner's statement of reasons for allowance:
8. Regarding amended independent claim 1, the prior art of record does not teach or suggest a metal halide lamp comprising a cylindrically shaped discharge vessel, and

an outer bulb surrounding the discharge vessel along the longitudinal axis, a portion of a surface of the outer bulb facing away from the discharge vessel being shaped as a negative lens, wherein a virtual image of the discharge vessel is created by the negative lens so that dimensions of the virtual image are smaller than dimensions of the discharge vessel, wherein the portion with respect to the longitudinal axis encompasses a segment of the outer bulb with a segment angle  $\alpha$  in a range between  $20^\circ < \alpha < 110^\circ$ , together with other claim limitations.

9. Claims 2-12 are allowable due to their dependency.
10. Any comments considered necessary by the Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of reasons for Allowance."
